

Are you close with someone who has been diagnosed with a personality disorder?

You may be eligible to participate in an online research study at York University.

We are looking for individuals between the ages of 18 and 70 who are able and willing to:

1. Participate in a brief online study that involves answering questions about you and your close other with borderline personality disorder
2. Complete three monthly questionnaires about your emotions, thoughts, and behaviours
3. Complete three monthly questionnaires about your close other's emotions, thoughts, and behaviours
4. Complete a brief measure of your feelings and your close other's behaviours every day on your smart phone for 3 weeks

Participants will be paid up to \$105 for their participation.

Interested participants should contact bpdstudy@yorku.ca

Please note that communication via email is not absolutely secure; please do not communicate personal sensitive information via email.
